Bumper cane crop predicted

An estimated 1,144,000 tons of raw sugar are expected to be produced during the 1982-83 grinding season from Florida's sugar industry, according to a preliminary crop projection, said Dalton Yancey, vice president and general manager of the Florida Sugar Cane League.

Harvesting of this year's crop will begin for some of the industry by mid-October with each of the mills in full operation by the beginning of November, he said. The industry expects to harvest 11.6 million tons of sugarcane from 385,200 acres.

"Area farmers report the crop is looking

great," Yancey said. "The heavy rainfall combined with adequate amounts of sunshine during the summer months are the main reasons for such a healthy-looking crop."

June, July and August are traditionally the peak growing months for sugarcane in Florida. Some fields were reported to have grown as much as 1 1/2 inch per day.

"Compared to this time last year our weather situation is much better," said Yancey. "Farmers were under water restrictions but Lake Okechobee, South Florida's best reservoir, is

now five feet higher than it was then."

Yancey said that a record crop was predicted last year, but that several extreme conditions during the harvest season prevented record production.

The drought and three freezes followed immediately by warm temperatures reduced the 1981-82 crop by 230,000 tons of raw sugar, with a total production of 963,046 tons. A record 79 million gallons of backstrap molasses, a by-product of sugarcane milling, were also produced.

"Our farmers are optimistic that such weather

extremes won't hamper production this year," Yancey said. "Dealing with the variables of nature is part of farming."

Florida's sugarcane crop amounts to more than one-fifth of all sugar annually produced in the U.S. and represents almost 13 percent of U.S. sugar consumption. Florida is the largest sugar-producing state.

Additionally, Florida's sugar industry accounts for over \$1 billion of economic activity to South Florida and generates fulltime jobs for more than 25,000 people.

Rolfe Wagner resigns from city

WAGNER

BELLE GLADE—The City of Belle Glade is in search of a new city manager. City Manager Rolfe H. Wagner resigned Monday. Wagner, who has served as the city manager for a little over 18 months came to Belle Glade in March of 1981 from North Bay Village, where he served as the city manager.

From 1976 to 1980 he served as the city manager for the city of Coolidge, Ariz.

Wagner said his resignation was an amicable one with the city and said he plans to relocate near his aging parents.

Wagner's resignation letter contained no immediate effective date.

Murder, rape charges filed in death of infant

BELLE GLADE—A South Bay man is being held in the Palm Beach County Jail on charges of first degree murder and the raping of a 13 month old baby, Shamya Inman.

Palm Beach County Judge Don T. Adams ordered James Richard Vickers, 24, of 257 5th Ave., South Bay held without bond in the Belle Glade holding station until he can appear before a grand jury. Vickers was formally charged Wednesday morning with willful homicide and sexual battery of a child under 11 years of age.

The infant, the daughter of Valerie Inman of 24-B Bethune St., Okeechobee Center was pronounced dead on arrival at Glades General Hospital at approximately 2:15 p.m. by Dr. Thomas Rostas.

The Palm Beach County Sheriff Department led by Captain Frank Fogleman of the Glades Sub-station launched an all-out investigation into the death of the infant after the case was reported by staff on call in the hospital's emergency room.

According to an affidavit filed with the court, the infant was carried to the hospital by Ms. Inman after being informed the child was ill by Vickers.

Detective William Bass of the Sheriff's Department said an autopsy revealed the baby had been squeezed to death. The autopsy also revealed the infant had broken ribs, punctured lungs and had been sexually molested.

Vickers, arrested on charges of violating probation, failure to pay a traffic ticket, battery and driving with a invalid driver's license appeared before Judge Adams Tuesday evening for a first appearance on the charges.

Vickers re-appeared before Judge Adams shortly after 9 a.m. Wednesday morning for his first appearance on the first degree murder and sexual assault charges.

Assistant State Attorney Michael Miller and George Barrs, Assistant Public Defender in charge of the Belle Glade office, indicated that Vickers was indigent and wanted a lawyer.

Barrs was appointed by Judge Adams to represent Vickers on all pending charges.

The crime of first degree murder is punishable by death and the charge of sexual assault is punishable by life in prison.

JAMES VICKERS, 24, of South Bay is presently being held in the Palm Beach County Jail on a first degree murder charge. Vickers, left, confers with Assistant Public Defender George Barrs during a pre-trial hearing held Tuesday.

MEMBERS OF THE GRADUATING CLASS wore from left to right seated, Kathy Gordon, Daphne Henderson, and Dorothy Joy Howell. Standing, Clara Surgeont, Hilda Copen, Linda Smith, Erika Thomas, and Joy Whyte and Ms. Karen DeStefano, the instructor.

Few complaints voiced about BG budget

By JEFF BROWN

BELLE GLADE—Local residents had few gripes about the city's proposed millage rate for the 1982-1983 fiscal year at the Wednesday evening, September 15, public hearing.

The city commission had set a tentative millage rate of 4.84. Last year's rate was 7.03.

According to City Finance Director Frank Anderson, the millage rate is expected to raise about \$590,000, 11.8 percent of the general fund revenues.

The total city budget is about \$8.2 million.

Mayor Thomas L. Altman said the city is attempting to keep property taxes low by levying user fees whenever possible.

This year, the city commission had decided to levy a mosquito fee of \$7.00 per month per unit.

This method of taxation places the cost on the individuals receiving the benefits, Altman said.

Because of Homestead and other deductions, a lot of property in the area is off the tax rolls and no funds are collected from them, he said, adding that those are the properties which receive the bulk of the city's services.

"You have the bulk of the property that is taxed, funding the bulk of the property that is not taxed, or taxed at a very low rate," Altman said. Property in the Glades has been reappraised over the past two years to bring appraisal values as close to 100 percent as possible in accordance with the Truth In Millage Amendment.

The Truth In Millage Amendment provided a \$25,000 deduction in appraisals, but also required a 100 percent valuation.

Last year, the appraisers appraised homes and buildings in the area. This year they appraised the land, said John Ollis, from the Glades branch of the appraiser's office.

Prior to that, the land had not been appraised since 1972, said John Beaupre, the appraiser's land expert.

Most land was appraised at between 50 and 65 percent prior to TRIM's passage.

The ten year lag between appraisals and the TRIM bill's requirement that the land be appraised as close to 100 percent as possible caused some drastic increases in appraisals, according to

Beaupre.

There was some tremendous percentage increases, no question," he said.

He also added that the appraiser's office uses current land transactions in determining the value of the property in the area.

The land in the Glades doesn't move too quickly, he said, and it is valued at a lower figure than in the coastal areas.

At the Wednesday night meeting, he said land was appraised at between \$12,000 and \$15,000 per single dwelling plot in the Glades and between \$30,000 and \$25,000 in the coast.

At a Pahokee meeting the previous evening, he said the coast area was valued at \$12,000 to \$15,000 and the Glades land was valued at \$6,000 to \$7,500 per single dwelling plot.

Dr. Mendel J. Luce asked the city whether it would be possible to acquire prison laborers to help lower taxes.

"I'm sick and tired of paying a whole bunch of money to pay to keep a bunch of people who are doing things I know are wrong and they know are wrong also," said Luce.

Altman suggested the citizens and the commissioners bring the issue up to the area's legislative delegation since it would take action by the state legislature to change the current laws preventing the city from using prison labor.

According to Commissioner Charles Goodlett, the city used to be able to use prison labor when the municipal courts were still in existence. Now

Kevin Connell opens chiropractic clinic

BELLE GLADE—Dr. Kevin L. Connell, a member of the American Chiropractor Association has opened Connell Chiropractic Clinic in Belle Glade.

Connell Chiropractic Clinic is located at 366 South Main St. A native of the area, Dr. Connell is a 1971 graduate of Glades Central High School and studied a pre-medical curriculum at Palm Beach Junior College during 1977 and 1978.

The 28-year old chiropractor graduated Magna Cum Laude from Life Chiropractic College of Marietta, Ga.

He has also completed 130 hours towards certification in Applied Kinesiology and holds a diploma from the National Board of Chiropractors. Dr. Connell said applied kinesiology uses the muscular system as a diagnostic aid towards chiropractic treatment.

His wife, Leila, is the receptionist and Connell's assistant. Mr. and Mrs. Connell are members of the Florida Chiropractic Association and Parker Chiropractic Research Foundation.

Prior to opening the new clinic on Sept. 16, Dr. Connell participated in an externship under Dr. Thomas Baker, whose offices are located at 349 S.E. Ave. E., Belle Glade.

Connell said the program is an elective one with the Florida Board of Professional Regulations. The clinic hours are 9 a.m. to 1 p.m., and 2 p.m. to 7 p.m., Monday through Friday and Saturday by appointment only.

Dr. Connell is the son of Mr. and Mrs. George L. Connell of 101 N.E. Seventh St. The Connells are owners of Connell Hardware.

Dr. Connell's wife, Leila, is the daughter of Mr. and Mrs. George Tu, owner of 833 N.E. 18th St. They have lived in the Belle Glade for the past eight years and operate Glades Dry Cleaners.

GATOR GAMES OPENS IN BELLE GLADE. James Jacks, right, welcomes Walter Hudson, owner of Gator Games, as a new member of the Belle Glade Chamber of Commerce.

Gator Games joins Chamber

BELLE GLADE—James Jacks, president of the Belle Glade Chamber of Commerce recently welcomed Walter Hudson, owner of Gator Games, as a new member of the Chamber of Commerce.

Hudson, of Okeechobee, recently opened his second family entertainment center in Belle Glade. Gator Games is located at 637 S.W. 10th St., adjacent to Royal's Department Store in the Glades Shopping Plaza.

Hudson said the center offers a variety of computer games, including Ms. Pacman.

The game room hours are from 11 a.m. to 11 p.m., Monday through Thursday; 11 a.m. to midnight on Friday; 10 a.m. to midnight on Saturday and from 1 to 10 p.m. Sundays.

Hudson said the game room is supervised at all times and no food or drinks are allowed. All occupants must wear shoes and shirts.

A former student at the University of Florida, Hudson said he opened his first Gator Games in Okeechobee four months ago.

He said the interior

of both game rooms is blue and orange, the school colors of the University of Florida Gators.

Mrs. Helen McCormick, secretary of the Chamber of Commerce said Hudson donated \$100 to the Chamber.

"The Chamber of Commerce does such a fine job and I wanted to recognize that," said Hudson. "I wanted to recognize the Chamber's efforts and hope to do my part as a new businessman," he added.

Cosmetologists sponsor course

BELLE GLADE—The Realistic Cosmetologist Club of Belle Glade will sponsor a continuing education course for area cosmetologists on Sunday, Oct. 17 at the Belle Glade Country Club.

According to Mrs. Elmore Benjamin, president of the club,

the instructor for the course will be Jimmy Robertson, Co-Dean of the Orange Blossom Cosmetologist Association (OBCA).

Robertson has "20 plus" years in the cosmetology profession. He is a beauty supplier, salon owner and a seasonal instructor on the cosmetology circuit.

The cost for the course is \$25 for OBCA members and \$35.00 for non-members.

The class will be held from 8 a.m. to 5 p.m. Check in is at 7:45 a.m. Mrs. Benjamin said the class will:

- Explain problems cosmetologist may be experiencing in perming, relaxing, or hair coloring.
- Demonstrate new cutting techniques.

Mrs. Benjamin said participants will receive eight hours credit for the one day seminar.

She said the night hours can be applied

towards the 16 hours of continuing education courses each licensed cosmetologist must have for license renewal ending June 30, 1984.

Pre-registration is necessary as classes are limited to 100, according to Mrs. Benjamin. For more information contact Mrs. Benjamin at 108 N.W. 7th St., Belle Glade or call 996-3469.

NEW CHIROPRACTOR. Dr. and Mrs. Kevin (Leila) Connell recently opened Connell Chiropractic Clinic at 366 S. Main St., in Belle Glade.

Bank announces promotion

PAHOKEE—Julius T. Moon, President and Chairman of the Board of the Bank of Pahokee, announced the promotion of Jeanette Meredith to office manager of the bank's office at Belle Glade effective October 1.

Rupert "Bubba" Mock, Jr. will move to the bank's Pahokee office where he will assume additional responsibilities.

Mrs. Meredith is Assistant Vice President. She has some 15 years of banking experience and has been with the Bank of Pahokee for the past five years. She is a recent graduate of the Branch Management Institute of the University of South Florida at Tampa.

Mrs. Meredith and her husband, Wayne, are the parents of two teen-aged sons, Scott and Steven, and make their home in Belle Glade.

The Bank of Pahokee is a locally owned,

locally operated independent bank with offices in Belle Glade and Pahokee and in Palm Beach County's

oldest bank. The bank is currently celebrating 60 years of service in Palm Beach County.

Linda's Dollhouse offers special gifts

By BRENDA BUNTING
BELLE GLADE — What's bigger than a breadbox, but not much, and is every little girl's dream? Linda's Dollhouse and Hand-made Gifts, located on Ave. E, Belle Glade. Owned by Linda and Larry Daniel, the gift shop has been open since the first of September. The shop contains dolls in cribs, rockers, and swings as well as small jars of "pickled people". Although the Daniels have three sons and no little girls at home, Linda said she enjoys making the dolls. She makes all of them herself, spending

approximately two days time on each doll. The shop offers a variety of soft sculpture dolls as well as many crocheted dolls and other items ranging in price from 50 cents to \$100 for a pair of Raggedy Ann and Andy dolls. Linda said she can't remember a time when I wasn't sitting at my mother's sewing machine making things. Her mother, Clayrene McSwain, better known as "Mac", also contributes some of the crocheted items for sale. Mrs. McSwain works at Royal's Department Store at

the service desk. She has held that position for almost 10 years. The soft sculptured dolls that Linda makes come with a certificate of authenticity, she said. "Each doll has it's own number and every doll has a name. We give our dolls their first name and the owner provides the last name." The dolls are large enough that they all wear regular baby clothes and Linda suggests that owners can dress their dolls in their little sisters clothes that she has grown out of, or pick up additional baby items at flea markets.

These soft sculpture dolls are ready for adoption to a good home. They come with their own certificate of authenticity and number as well as already having first names.

Barbecue, dance to benefit woman

By BRENDA BUNTING
BELLE GLADE — Glades area residents, clubs and business have been busy recently demonstrating their ability to care. Local people have been working to sponsor a barbecue and dance to raise funds for Lois Vickery, a Belle Glade resident on dialysis treatment. Mrs. Vickery receives daily dialysis in West Palm Beach. According to Ruth Woodruff, member of Glades Area Singles, Vickery is on dialysis for eight hours and off

for 16, which requires her to stay in West Palm. Woodruff said Mrs. Vickery's insurance will no longer pick up

the extensive medical bills and she was in need of financial assistance. "She was a waitress for many years at the Holiday Inn," said Ms. Woodruff, "so a lot of people know her." The barbecue and dance will be held this Saturday from noon until 7 p.m. at the Elks Lodge. The bands for the occasion will be Richard Keller and The Touch of Class Band, Southern Express with David Lowman and the Lonnie Johnson Band. Tickets for the barbecue are \$4. The dance is \$5 per person.

Out of this community effort, a new group, The Belle Glade Helping Hands, is being formed, according to Jewel Crane, secretary-treasurer for the Belle Glade Helping Hands. The new organization will raise funds to be used to help pay the bills of anyone in the area who has large amounts of medical bills. Anyone interested in joining the organization is welcome to attend the next meeting. According to Ruth Woodruff, the next meeting will be held Sept. 23 at 7:30 p.m. at

the Elks Club. A flea market and bake sale will also be going on Saturday at the Elks Club to benefit Vickery and donations are being accepted at the Elks Club. The Belle Glade Helping Hands committee has been set up at the Bank of Belle Glade. The Lois Vickery fund raising event is being sponsored by the Elks Lodge. Checks for Lois Vickery, according to Jewel Crane, should be made out to the Elks Club. (Continued on Page 6)

Ducks Unlimited sets banquet date

The Belle Glade Chapter of Ducks Unlimited has announced that its 3rd annual banquet will be held at the Elks Club in Belle Glade, on Oct. 28 at 7:00 p.m. Chapter Chairman Rick Lyman, 2001 NE Ave. 1, feels the fund-raising function should be marked on the calendar by anyone who is interested in the future of North America's waterfowl.

"The Ducks Unlimited success story," said Lyman, "is really starting to spread around. Banquets much like our chapter event held throughout the country last year contributed towards Ducks Unlimited's national fund-raising effort which raised \$30 million during 1981 alone. But what's even more important to realize," said Lyman "is that this national fund-raising total must increase this year if the North American waterfowl habitat race is to be won."

DU's sportsmen/conversationists founders discovered through surveys conducted forty-five years ago that seventy percent of North America's waterfowl production occurs in Canada. They figured out back in 1937 what holds true today. Since Federal duck stamp dollars cannot be spent beyond U.S. borders, sportsmen funds earmarked for waterfowl conservation are not getting to the places where the great percentage of production takes place. But through Ducks Unlimited's efforts, over \$164 million has been raised in the U.S. since 1937.

And 80% out of every one of those dollars has been sent to DU (Canada) to reserve some 3 million acres of prime habitat encompassing over 1,900 wetland projects.

The only problem in all this is that biologists estimate millions of additional acres of habitat must be reserved in order to stabilize North America's waterfowl population. When you consider that habitat today is diminishing due to agricultural and development pressures, and that DU is the only nonprofit conservation organization involved in the Canadian waterfowl habitat race, you can begin to see the significance attached to the organization's fund-raising events.

Tickets, which are \$30 each, include a one-year DU membership and a subscription to the organization's magazine. Call Ray Hutton II at 924-5504 for tickets and further details.

Tri-Cities League a good idea

At a budget workshop session several weeks ago, Belle Glade Mayor Thomas L. Altman brought up the idea of reviving the old Tri-Cities League.

Responses to the idea were lukewarm, with a few commissioners expressing the attitude that "It would be nice if..."

The budgeting process is nearing a close for this year and city commissions and councils will have time to turn their attention to other matters. We strongly urge the elected officials of Belle Glade, Pahokee and South Bay to consider reviving the league.

The Glades face many problems and strong, unified leadership is the best way to go about solving them.

SR 80 and SR 96 need to be four-laned and repaved. The county and state are oblivious to the requests of the small, local governments delivered individually. They may be more responsive if a strong league approached them with requests.

Perhaps more importantly, agriculture, the backbone of the Glades economy, may be wiped out in 20 years due to muck-erosion.

Agriculture far and away brings the most dollars into the Glades. Once the soil is gone and agriculture no longer is commercially viable, it will be necessary to seek other alternatives to keep the area alive.

Scientists and soil experts may be able to work on arresting the muck's subsidence, but the local governments, working as a team, could attract other industries to diversify the economy and soften the blow on the day of reckoning when the muck is gone.

There are other items and issues the Tri-City League could address to the benefit of the area. A strong league could only be stronger due to the representation which puts the Glades into the county district as much as possible coastal region.

We urge the officials from the three city governments to rekindle the league. There is strength in unity.

JoAnn Culberson and daughter Kelly were thrilled to hear they had each won a \$500 canoe in a drawing sponsored by Pahokee

Coca Cola Bottling Company, Foodway of Pahokee and Winn Dixie Stores.

Family wins matching canoes

PAHOKEE — Kelly Culberson and her mother JoAnn were more than a little excited when Kelly won a canoe in a give-away sponsored by the Pahokee Coca Cola Bottling Company and Foodway Supermarkets. That was two weeks ago.

This past week, JoAnn was informed

that she had won the canoe that was given away at the Winn Dixie Store in the Glades Plaza. "We just couldn't believe it when they told us," said Mrs. Culberson. "My daughter Kelly kept saying, 'Mom, we gotta fill in one of these forms' every time we

went to the store. But I only filled out one form at the Winn Dixie Store, so we were real surprised when we won."

When asked what she was going to do with two canoes, Mrs. Culberson said "We plan to keep them both. We have lots of kids that used the one

canoe, now we will have two to use."

The Culbersons live right adjacent to the Pahokee lake and Mrs. Culberson said her family will really make use of the canoes. She said they are grateful to the Pahokee Coca Cola Bottling Company, Foodway and Winn Dixie.

A contradiction in terms

We often use the word Christian to describe a way of living, as in "good Christian man."

There are times when coupling the word Christian to whatever noun presents a contradiction. Being more precise, we might say "good, honest, religious man."

I am led to this discussion by the recent massacre in Lebanon by "Christian Phalangists."

Though I have often heard the word, I never knew precisely what Phalangists were until I consulted my dictionary.

According to The Random House College Dictionary, a phalanx is the plural of phalanx, which is any body of troops in close array.

I certainly believe we can have Christian militia. When the militia slaughters unarmed civilians, however, I believe they lose the right to call themselves Christian.

When any group takes it upon themselves to commit atrocities, their moral underpinning is jeopardized, whether they are Christians, Buddhists, Hindus, or Muslims. (Any groups that I may have left out, please feel free to add on.)

I seriously doubt that this weekend's slaughter was done in the name of religion. More likely it was the outgrowth of the Muslim-Christian-Palestinian feud which has gripped the country for the past few years. Top this with the recent bomb assassination of the president-elect of the country and anything can happen.

As always, it is deplorable when foul deeds are done in the name of religion, or when the good name of religion is sullied by association.

It's too bad that Lebanon isn't the only place in the world where we have this kind of a situation. But it isn't. Not when we have Catholics and Protestants killing each other in Northern Ireland and extremist Muslims in Egypt killing their moderate president.

Towards the perfect woman

I see we've got us a rebuilt Miss America. A souped up model, as it were. A new and improved product, as they say on TV.

Miss America, according to some — shall we say less than discreet — sources, is smiling out of a lifted face.

If one is in the business of winning beauty contests, why not have some exterior landscaping done and put on a new face: pare a little off the old nose, sculpt the chin, trim a bit of the fat from the jaws, and stuff some surplus under the T-shirt for good measure?

Being somewhat weary myself of often being mistaken for some other raving beauty, I can understand wanting to have a face you can call your own — certainly not the one you inherited with Uncle Oscar's nose, Auntie Libby's eyes, and Grandma Patsy's double chin.

And if the face you want to call your own doesn't happen to be the one you began with, it's nobody's business but yours if you spend three months saying "Good morning" to a face in the mirror whose name you can't place.

Unless, of course, it is somebody else's face. And it's the ramifications of the total facelift that bother me.

AILSA DEWING

AND WHAT NOT

Does one approach a plastic surgeon with a rough sketch of what one had in mind? I hardly think so. Not at those prices. Possibly you select a new face from catalog items. You pick your nose by number. And your chin, and so forth. A surgeon with a really good display would have an assortment of sample noses and chins to try on, like an oculist has eyeglass frames. The bill for an extensive facial overhaul would read: Nose No. 128, Chin No. 36, etc.

If the nose you select for your new face is out of stock or discontinued, which isn't really possible, I guess, since new noses aren't stocked like auto parts — but let's say, you don't find a nose to your liking, can you bring someone into the

surgeon's office and say, "I want one like that"? Or, if it's the surgeon's nose you covet, "Would you sell me your nose, or one just like it?"

Where does it lead? Since our faces aren't patented or copyrighted, does anyone have an exclusive right to one's own face, whether it's an original or a facsimile? Could Elizabeth Taylor, for example, use my photo as a layout for a facial improvement?

When a celebrity introduces a new hair-do and it catches on, every third lass is bound to copy it. What's to prevent it happening with faces?

Something, obviously, has to be done to about reserving the right of reproduction, in whole or in part in any form, of other people's faces.

It's not just my own face I'm trying to save. I'm thinking of the Miss America contest, itself. What if all next year's contenders look alike? All the girls wearing carbon copies of this year's winning face.

That can't happen, of course, since I'm planning to enter as a Bees Myerson.

SEPTEMBER 27, 1962

The south's steel industry was helping to bring about the revival of one of the region's most ancient industries.

Acton Steel Co. of Jacksonville was supplying the majority of steel used in the construction of the sugar mill being built for the Sugar Cane Growers of Florida, Inc. in Belle Glade.

The mill construction was part of a crash program to supply sugar lost by an embargo of sugar from Cuba. The mill, a \$10-million project, is expected to produce 1700 tons of steel, most of which was produced by United States Steel's Tennessee Coal and Iron Division at Birmingham, Ala., to fabricate four buildings at the mill.

The cooperative grew in another way when Bob Lee was hired away from Southern Bell Telephone Co. to work as the cooperative's manager for personal, public relations and marketing relations.

Lee was replaced at Southern Bell by John D. "Pete" McClellan, who was transferred to Belle Glade from Miami.

The full impetus of the sugar cane harvest was being explored to find what its impact would be on the traffic moving over area highways.

State Rep. Emmett Roberts reviewed with the

The county was cooperating with the cooperative to have the road ready in time for the fall harvest.

30 YEARS AGO
THE BELLE GLADE HERALD
SEPTEMBER 24, 1952

Belle Glade residents were still being urged to join together to discuss just what it was the previous week that flew overhead early on a Sunday morning, causing motorists to bail out of their cars and hug the road while sending cows on two stampedes.

The mysterious flying object hovered about 20 feet over the tops of the trees, frightened milk cows at the Everglades Experiment Station and caused two motorists to leave their cars.

Theories about "what it was" ranged from the devil surveying prospective customers, angels involved in the same activity, draglines flopping around in the air, optical illusions and interplanetary visitors.

"We're curious, read a front page editorial, "and not worried about Joe Stalin's boys over here; but we'd like for somebody to empty a 30-30 or 37 mm rifle into one, which we'll help do if possible. It ain't right to scare milk cows and folks like that - I'm agin it - let's do something about it."

"Let's pen one up in Belle Glade!" No offense was intended, according to David Lee, director of the Bureau of Sanitary Engineering of the State Board of Health, in reference to a quote in the Belle Glade Herald.

Lee had been quoted in a story some weeks previously, that he had, "warned people against moving to the Everglades."

Lee was called on in a local editorial and by the local chamber of commerce to explain his remarks.

Lee said he had received many complaints over the years about overflowing septic tanks in the Glades.

He said he had felt it his duty to advise people that where septic tanks didn't work, other methods of sewage disposal should be used.

Lee apologized for any offense taken however, but that didn't solve the question of how loans for VA and FHA homes could be made.

Under his ruling, the State Board of Health wouldn't approve loans until satisfied beyond "a shadow of a doubt" about the proper functioning of a septic tank.

Keeping the Faith

by
Rev. Joe McGahey

"Fret not thyself because of evildoers, neither be thou envious against the workers of iniquity."
Psalm 37:1 KJV

Most of us waste alot of time, energy, and effort, in fretting. Expressing our dissatisfaction with things seems to be part of human nature. That of course is our right.

But being anxious, upset, and fussing about those things usually only makes us more anxious and upset and puts a bad atmosphere all around us. Who enjoys someone else's fretting?

Basically, there are two areas that we cause our fretting. The first is with inward dissatisfaction and the other is dissatisfaction with an outward situation or with other people. But, many times our real problem is within us, but we do all our fretting and complaining about what is on the outside. You see if we focus attention on outward situations or other people we avoid facing what is wrong within ourselves.

But what is God's answer to fretting? Well this Psalm tells us. First of all, we read in verse 3 that we are to "Trust in the Lord, and do good." This of course means we are putting our faith in God's goodness and love. It means that we recognize that God loves each of us more than anyone else can love us. Trusting God means we do things His way. That means we make the choice to do what is right in all the situations of life that we are confronted with. Our goodness is not dependent upon the goodness or bad news of other people, but our relationship to a good and loving Heavenly Father.

The next verse (4) says, "Delight thyself also in the Lord; and He will give thee the desires of thine heart." when the Bible tells us to delight ourselves in God - it is saying we are to form the kind of relationship to God that our greatest joy in life is in being in His Presence. That comes when we live in an attitude of praise and thanksgiving to God. Paul said, "Rejoice in the Lord always, and again I say rejoice." (Philippians 4:4) If we would form the habit of starting each day off in praise and thanksgiving, the Presence and the love of God would become a reality in our lives each day. Then in verse 5, we read "Commit thy ways unto the Lord; trust also in Him; and He shall bring it to pass" All of us are committed to something or somebody.

Sometimes that commitment is to self or taking care of self. But the Christian is a person who has committed himself to God. This means at least two things. First of all that we have said to God, my life belongs to you. Therefore, we belong to Jesus Christ; we are His. The second thing is that because of that He is the Ruler of our lives. Commitment means obedience. That does not mean we follow Him when we like or understand, but at all times.

And then in verse 7 we read "Rest in the Lord, and wait patiently for Him." that means we accept His rest. If we are waiting on God - that is what we are doing. It means we stop worrying about all those evil people, we recognize they sooner or later are going to have to answer to God for evil.

The Bible says to us "Be not deceived; God is not mocked: for whatsoever a man soweth, that shall he also reap." (Gal. 6:7 KJV) If a person goes through life sowing evil and destruction, sooner or later that will come home to that person. But if we sow love and mercy that too comes home to us. The choice is ours. David ends this Psalm by saying, "Mark the perfect man, and behold the upright, for the end of that man is peace. But the transgressors shall be destroyed together; the end of the wicked shall be cut off. But the salvation of the righteous is of the Lord: He is their strength in the time of trouble. And the LORD shall help them, and deliver them: he shall deliver them from the wicked, and save them, because they trust in Him." Psalm 37:37-40

Revival set in Canal Pt.

CANAL POINT—The Canal Point Baptist Church will be holding revival Sept. 27 through Oct. 1, at 7:30 p.m. nightly.

Rev. Paul Murray, pastor of the First Baptist Church of South Bay will be the evangelist for the revival. A variety of special music is planned for the occasion, according to Rev. Ray Stedham, pastor.

Chili Cheese Biscuits Have Southwestern Zip

One taste of these nippy chili cheese biscuits and you'll feel you're right out there in the sunny Southwest with its high flavors and down-home cooking. They're seasoned with chili powder—that tasty blend of chili pepper, oregano, cumin and garlic, plus some onion powder. The biscuits are from a prepared mix, so they're easy to whip up. Try them with steak, meatloaf, chicken, rice or whatever you're serving. Or just eat 'em hot out of the oven with butter.

CHILI CHEESE BISCUITS

24 cups buttermilk baking mix
1 1/2 teaspoons chili powder
1 teaspoon onion powder
1/2 cup dairy sour cream
8 cup shredded Cheddar cheese

Preheat oven to 450°F. In a large bowl combine baking mix, chili powder and onion powder. Add sour cream and cheese; mix until mixture is moistened. Knead to form a soft smooth dough, about 10 times. On a lightly floured board with a floured rolling pin roll dough 1/4-inch thick. Cut with a 2-inch biscuit cutter dipped in flour. Place on an ungreased baking sheet. Re-roll and cut remaining dough. Bake until biscuits are golden, 12 to 15 minutes. YIELD: about 12 biscuits.

Motorcycle Accidents: Survival and Safety

A recent national study of motorcycle accidents turned up some interesting data on causes of accidents and some very useful recommendations for protecting the motorcycle rider from serious injury.

Fifty-one percent of the accidents were caused by a driver who did not see the motorcycle before the collision, or who did not see the motorcycle until it was too late to avoid the collision.

Ninety-two percent of the motorcycle riders in accidents had no professional or formal training, that is they were self-taught riders who received instructions from family or friends who learned the same way.

The median pre-crash speed was 59.8 mph and the median crash speed was 21.5 mph.

Forty-one percent of the motorcycle accidents were caused by an error of the motorcycle rider. A typical error made by the rider is running wide on a turn due to excess speed or under-correcting.

Approximately fifty percent of the motorcycle riders in traffic were using safety helmets; forty percent of the accident-involved riders were wearing helmets at the time of the accident; twenty-three percent of the fatally injured riders were wearing helmets and only one

Coach Paul "Bear" Bryant can tell you... building a winning football team is easier, and cost less than you think... If you choose Jim Walter as your builder, Jim Walter offers a 10% annual percentage rate financing for his customers. This, alone, will save you thousands and thousands of dollars compared to today's higher interest rates. For example, financing a \$30,000 home with a 14% mortgage for 20 years, would cost you almost \$25,000 more than you would pay for a home, with this same cash price, built and sold by Jim Walter at only 10% annual percentage rate. That's an amazing \$87.53 MORE you'll pay each month. Think what you could do with almost \$800 more each month!

Then, to save you even more money, Jim Walter allows you to do some or all of the inside finishing work in your home. Here's how it works: We'll build to almost any stage, from the "shell" (unfurnished inside to 90% complete. At this "most complete" stage, all you do is paint or paper walls, finish the trim, install floor covering of your choice, hook-up to outside utilities — electric, water, sewer — and move in. If you want to save hundreds, perhaps even thousands of dollars, do more of the inside finishing work, such as wiring, wallpaper or painting, inside doors and trim. The more you do for yourself, the more money you'll save!

Smith and Prescott exchange wedding vows

Mr. and Mrs. Timothy Prescott

Cynthia Barnett Smith was married August 22 to Timothy Johnson Prescott in a candlelight ceremony. The marriage was performed at the Community Methodist Church, Belle Glade, with the Rev. Charles Farrar of St. John the Apostle, Episcopal Church, officiating.

The bride is the daughter of Mr. and Mrs. Barnes Goodman Smith and the bridegroom is the son of Mrs. O.C. Prescott and the late Mr. Prescott.

Mrs. Gordon Corbin was the organist and Miss Jane Barlow, Ft. Lauderdale, was the pianist and soloist. She sang "Destiny," her own composition, "Evergreen," and "Sunrise, Sunset." The "Lord's Prayer" was sung while the couple knelt at the altar.

The church was decorated with palms and an arch candelabra framed the back of the altar with matching spiral candelabra on each side. A fan style arrangement of fifti mums, gladioli, isberg pompon mums, and jack-straw pompons, banked the silver crucifix centered on the altar with matching candlesticks on the side. The reserved pews were marked with white satin ribbon bows topped with rubrum lilies and silk ivy.

The bride was escorted to the altar by her father and wore her mother's wedding gown. The lace bodice had long sleeves and a round neckline with inserted tulle gathered at intervals with seed pearls. The lace extended to the neckline ending with a scalloped edge. The satin skirt continued to a cathedral length train.

Her Juliet style hat was made of corded satin coiled around the tulle cap with seed pearls sewn in loops between the cording. The cathedral length train was of tulle and edged in lace.

The bride carried a cascade bouquet of ivory rubrum lilies, white stephanotis, white tommie orchids, satin curls and silk ivy. For "something old," she wore heirloom earrings, "something new," a white lace hankie, "something borrowed," a single strand of pearls, and the ribbon on her garter was "something blue."

Mrs. James Jeffery Threlkeld, sister of the bride, William P. Prescott, William Schmidt, Miami, Linda P. Grooms, Misses Lisa Schrader, Miami, and Ann Thiebaud were her bridesmaids. They wore identical floor length dresses of candy pink tulle with double ruffles off the shoulders tied at the waist with large bows. Church

Keeping the Faith

by Rev. Joe McGahey

"Fret not thyself because of evildoers, neither be thou envious against the workers of iniquity." Psalm 37:1 KJV

Most of us waste a lot of time, energy, and effort, in fretting. Expressing our dissatisfaction with things seems to be part of human nature. That of course is our right.

But being anxious, upset and fussing about these things usually only makes us more anxious and upset and puts a bad atmosphere all around us. Who enjoys someone else's fretting?

Basically, there are two areas that we cause our fretting. The first is with inward dissatisfaction and the other is dissatisfaction with an outward situation or with other people. But, many times our real problem is within us, but we do all our fretting and complaining about what is on the outside. You see if we focus attention on outward situations or other people we avoid facing what is wrong within ourselves.

But what is God's answer to fretting? Well this Psalm tells us. First of all, we read in verse 3 that we are to "Trust in the Lord, and do good." This of course means we are putting our faith in God's goodness and love. It means that we recognize that God loves each of us more than anyone else can love us. Trusting God means we do things His way. That means we make the choice to do what is right in all the situations of life that we are confronted with. Our goodness is not dependent upon the goodness or bad news of other people, but our relationship to a good and loving Heavenly Father.

The next verse (4) says, "Delight thyself also in the Lord; and He will give thee the desire of thine heart." When the Bible tells us to delight ourselves in God - it is saying we are to form the kind of relationship to God that our greatest joy in life is in being in His Presence. That comes when we live in an attitude of praise, and thanksgiving to God. Paul said, "Rejoice in the Lord always, and again I say rejoice." (Philippians 4:4) If we would form the habit of starting each day of life in praise and thanksgiving, the Presence and the love of God would become a reality in our lives each day. Then in verse 5, we read "Commit thy ways unto the Lord; trust also in Him; and He shall bring it to pass." All of us are committed to something or somebody.

Sometimes that commitment is to self or taking credit for himself. The Christian is a person who has committed himself to God. This means at least two things. First of all that we have said to God, my life belongs to you. Therefore, we belong to Jesus Christ - we are His. The second thing is that because of that He is the Ruler of our lives. Commitment means obedience. That does not mean we follow Him when we like or understand, but at all times.

And then in verse 7 we read "Rest in the Lord, and wait patiently for Him." That means we accept His rest. If we are waiting on God - that is what we are doing. It means we stop worrying about all those evil people, we recognize they sooner or later are going to have to answer to God for evil.

The Bible says to us "Be not deceived; God is not mocked: for whatsoever a man sows, that shall he also reap." (Gal. 6:7 KJV) If a person goes through life sowing evil and destruction, sooner or later that will come home to that person. But if we sow love and mercy that too comes home to us. The choice is ours. David ends this Psalm by saying, "Mark the perfect man, and behold the upright, for the end of that man is peace. But the transgressors shall be destroyed together; and the wicked shall be cut off. But the salvation of the righteous is of the Lord: He is their strength in the time of trouble. And the LORD shall help them, and deliver them: He shall deliver them from the wicked, and save them: because they trust in Him." Psalm 37:37-40

Revival set in Canal Pt.

Chili Cheese Biscuits Have Southwestern Zip

One taste of these nippy chili cheese biscuits and you'll feel you're right out there in the sunny Southwest with its high flavors and down-home cooking. They're seasoned with chili powder that tasty blend of chili peppers, oregano, cumin and garlic, plus some onion powder. The biscuits are from a prepared mix, so they're easy to whip up. Try them with steak, meatloaf, chicken ribs or whatever you're serving. Or just eat 'em hot out of the oven with butter.

CHILI CHEESE BISCUITS
24 cups buttermilk biscuit mix
1 1/2 teaspoons chili powder
1 teaspoon onion powder
1/4 cup dairy sour cream
1/4 cup shredded Cheddar cheese

Preheat oven to 450°F. In a large bowl combine baking mix, chili powder and onion powder. Add sour cream and cheese. Mix until mixture is moistened. Knead to form a soft smooth dough, about 10 times. On a lightly floured board with a floured rolling pin roll dough 1/4-inch thick. Cut with a 2-inch biscuit cutter dipped in flour. Place on an ungreased baking sheet. Re-roll and cut remaining dough. Bake until biscuits are golden, 12 to 15 minutes. YIELD: about 12 biscuits.

INSURANCE INSIGHTS

Motorcycle Accidents: Survival and Safety

A recent national study of motorcycle accidents turned up some interesting data on causes of accidents and some very useful recommendations for protecting the motorcycle rider from serious injury.

Fifty-one percent of the accidents were caused by a driver who did not see the motorcycle before the collision, or who did not see the motorcycle until it was too late to avoid the collision.

Ninety-two percent of the motorcycle riders in accidents had no professional or formal training, that is they were self-taught riders who received instructions from family or friends who learned the same way.

The median pre-crash speed was 29.8 mph and the median crash speed was 21.5 mph.

Forty-one percent of the motorcycle accidents were caused by an error of the motorcycle rider. A typical error made by the rider is riding wide on a turn due to excess speed or under-correcting.

Approximately fifty percent of the motorcycle riders in traffic were using safety helmets; forty percent of the accident-involved riders were wearing helmets at the time of the accident; twenty-three percent of the fatally injured riders were wearing helmets and only one

Mr. and Mrs. Timothy Prescott

Smith and Prescott exchange wedding vows

Cynthia Barnett Smith was married August 23 to Timothy Prescott in a (handwritten) ceremony. The marriage was performed at the Community Methodist Church, Belle Glade, with the Rev. Charles Parrar of St. John the Apostle, Episcopal Church, officiating.

The bride is the daughter of Mr. and Mrs. Barnes Goodman Smith and the bridegroom is the son of Mrs. O.C. Prescott and the late Mr. Prescott.

Mrs. Gordon Corbin was the organist and Miss Jane Barlow, Ft. Lauderdale, was the pianist and soloist. She sang "Destiny," her own composition, "Evangeline," and "Sunrise, Sunset." The "Lord's Prayer" was sung while the couple knelt at the altar.

The church was decorated with palms and an arch candleabra framed the back of the altar with matching spiral candleabra on each side. A fan style arrangement of fifti mums, gladioli, iceberg pompon mums, and jack-straw pompons, banked the silver crucifix centered on the altar with matching candlesticks on the side. The reserved pews were marked with white satin ribbon bows topped with rubrum lilies and silk ivy.

The bride was escorted to the altar by her father and wore her mother's wedding gown. The lace bodice had long sleeves and a round neckline with inserted tulle gathered at intervals with seed pearls. The lace extended to the neckline ending with a scalloped edge. The satin skirt continued to a cathedral length train.

Her Juliet style hat was made of corded satin coiled around the tulle cap with seed pearls sewn in loops between the cording. The cathedral length train was of tulle and edged in lace.

The bride carried a cascade bouquet of ivory rubrum lilies, white stephanotis, white tommie orchids, satin curls and silk ivy. For "something old," she wore heirloom earrings, "something new," a white lace hankie, "something borrowed," a single strand of pearls, and the ribbon on her sash was "something blue".

Mrs. James Jeffery Threlkeld, sister of the bride, served as matron of honor. Mrs. Denise G. Wedgworth, sister of the bride, William P. Prescott, William Schmidt, Miami, Linda P. Groome, Misses Lisa Schrader, Miami, and Ann Thiebaud were bridesmaids. They wore identical floor length dresses of candy pink taffeta with double ruffles off the shoulders tied at the waist with large bows. They carried cascades of pink rubrum lilies, silk ivy, and satin bows.

The bridegroom was attended by his brother, William Paul Prescott, as best man, The Messrs. Warren

Prescott, brother of the bridegroom, Jim Baletta, Pete Peppers, both of Miami, Ralph Agromonte, Bob Webb, both of West Palm Beach, and Mickey Grindstaff were ushers. Paul Prescott, Jr., nephew of the bridegroom, was a junior usher. They wore black tuxedos with white shirts and boutonnières of tube roses.

The bride's mother wore a evening gown of misty lilac with matching chiffon cape. Mrs. Prescott wore a gown of sea foam green Quiana and a matching chiffon Cape. Their corsages were white cattleya orchids.

Misses Ilmarin Humphrey and Devina Cowling, Miami, presided over the guest books. Their corsages were pink rubrum lilies.

A reception was held at Belle Glade Elks Club where the wedding party was introduced to the guests by Duchin-Grant Band. The bandstand was banked by palms and the guest tables were decorated with arrangements of pink carnations and gladioli.

Glades Day defeats Bishop Verot

FIRST MYERS—The Glades Day School Gators won their first football game of the season on a run of 4-yards and a conversion on the ground by Jose Perez to beat Bishop Verot 24-22 in overtime Friday night.

Bishop Verot led in the first half of the game and

took a 16-0 lead into the half. Bishop Verot scored in each of his first two quarters, on runs of 6 and 4 yards by Pat Atkinson and Danny Fedorka. They both rushed for two point conversions following their touchdowns.

Glades Day tied the game as Danny Hayman

and Perez ran for scores of 1 and 2 yard and the conversions were both made.

Each team had 12 first downs. The Gators out-rushed Bishop Verot 212 yards to 160.

The Gators also lost two fumbles.

Glades Day School next game will be against Cardinal Mooney on Oct. 1. The Gators season record now stands at 1-1.

THE CRUSADERS were unable to contain Charlie Ford, who picked up 207 yards

rushing and ran for three touchdowns.

Blue Devils open season with win over Pope John Paul

PAHOKEE—The Pahokee High School Blue Devils ranked third in the Class-AA Florida Sports Writers Association poll was its first season opener against Pope John Paul.

Paul Huxton scored two touchdowns and Richard Lyndale scored one as the Blue Devils opened their season with a convincing shutout.

Buxton, 160 pound junior, scored on a pair of 5 yard runs and Lyndale scored on a 2 yard dive for Pahokee.

Blue Devil quarterback Antonio Wilson completed 9 of 25 passes for 119 yards, his longest

completion going to Earl Sanders for a 37-yard gain.

Senior Jeff Mullins led the Pahokee rushing game, which picked up 110 yards, by gaining 46 yards.

The Pahokee defense limited the Eagles to 91 yards total offense, 30 net yards on the ground and one passing yard.

Pahokee will face the Jupiter Warriors at home Friday at 8 p.m.

Crusaders lose to Terriers

This could be the year of the Terriers as Charlie Ford rushed for 207 yards and scored three touchdowns Friday night in Moore Haven to give the Terriers a 36-7 win over the Belle Glade Christian Day School Crusaders.

It was Moore Haven's second win in as many games this season. The Terriers defeated the LaBelle Cowboys last week 13-6 in LaBelle.

After Moore Haven's dismal 2-6 season last year, coach Steve Petti decided to change the team's philosophy and "win one game at a time." It seems to be working.

Moore Haven quarterback Mark Holder also had a great game against the Crusaders. He completed 10 of 17 passes for 99 yards and one touchdown. Holder was named Moore Haven player of the week by coach Petti.

"Mark Holder had a super game," Petti said after naming him player of the week. "He's not real big, but he's intelligent and has a super arm." Holder is a junior this year.

Petti said he wanted to work on the team's passing game against the Crusaders because eventually "opposing teams will key on Charlie Ford."

Ford has rushed for 350 yards and five touchdowns in two games for the Terriers. He was named Outstanding Player in southeast Florida last week by the Palm Beach Post. According to Petti, Ford is the first Moore Haven player to ever win the award.

"He (Ford) is always a threat to score," Petti said.

Petti's game plan against the Crusaders was to run the football, throw several 15 to 20 yard passes, with a deep pass every once in a while.

The plan was successful as the Terriers led 20-0 at halftime.

Defensively, Moore Haven tackle Allen Slater played an outstanding game, making 12 tackles. Defensive and offensive tackle Gerald Moore also had a great game. The Moore Haven defense held the Crusaders to 119 yards rushing and 8 yards passing.

The Crusader's only score came late in the fourth quarter when Alex Morales scored on a 45-yard touchdown run. Morales also added the extra point.

Christian Day coach James Jacks said, "We could have won the ball game, adding that "the coaches weren't prepared. We (the coaches) made a lot of errors."

Jacks also pointed out that the Crusaders only had 13 players for the game and the players "had to go both ways (play offense and defense)."

He noted that guard Jo Jo Ramos had a great game defensively with 12 tackles.

"We've corrected all our errors," Jacks said. "We will win next week's game."

The Crusaders will play St. Edwards of Ft. Pierce at Christian Day field next week. Christian Day is 1-1 for the season. They defeated Westminster Academy in their first game 28-20.

In the second half, Moore Haven added 10 points to their score as Ford ran for one touchdown. Holder passed seven yards to Leonardo Ballum for a touchdown and Andy Ringstaff kicked a 37-yard field goal in the third period. Julius Bishop scored a touchdown for the Terriers in the first quarter on a one-yard run.

Coach Petti explained that the Terrier's schedule gets harder as the season progresses. He said the fourth game against Frostproof "would be a tough game." Frostproof is ranked number one in the state in Class 1A. Moore Haven is currently ranked number two.

However, Petti said, "I think we're as good or better than any team in the district."

He said his one of his goals is to have a good offense that is able to score at least one touchdown per quarter.

"Moore Haven hasn't had a decent football team for a while," he added.

The Terriers will travel to Tampa on Friday to play Berkeley Prep.

"We're going to go in and play good football," Petti said.

them sung by Robin Waggoner, choral director at Christian Day School.

Raiders improve season record; rout Mustangs 29-0

WEST PALM BEACH—The Glades Central Raiders improved on their season record Friday with a 29-0 win against the North Shore Mustangs. The Raiders are now 2-0 for the season. Going into Friday's game the Mustangs and the Raiders were both 1-0.

The Raiders were led by Eric Smith who threw four touchdowns passes and the Glades Central defense held North Shore to 154 total yards. Coach Dan Brown said Smith completed 10 out of 14 passes. Robert Jordan led the defense with four quarterback sacks, and one fumble recovery.

The Raiders opened the scoring by blocking a North Shore punt out of the end zone for a safety. Smith hit Alonzo Allen from 15 yards out for the first touchdown, then connected with Allen again from 15 yards to make the score 16-0 at halftime.

Randy Rutledge then got into the act by catching a 12 yard scoring pass from Smith. Rutledge closed out the scoring pass from Smith with a 6 yard run.

Each team was penalized 10 times for 90 yards. The Raiders will face Cardinal Newman High School at home on Oct. 1.

Bass are reported hungry

The bass are biting real good near the west wall, the east wall and Coot Bay, according to Jim Wells over at Angler's Marina.

He said the bass are in the needlegrass and the bullrushes and are biting worms, Johnson Spoons and spinner baits.

"We're moving into a full moon so the bluegill fishing should be really good next week," Wells said.

Some specks are beginning to be caught, Wells observed.

Although the bass haven't been real big, there have been a lot of bass caught. Anglers should be able to catch some bigger bass as fall progresses, he said.

Harry Richardson over at Clewiston Marina notes that "there's a bunch of fish being caught lately."

The bass are still schooling and can be caught around mile markers 96, 97 and 98, he said.

Several guide parties have brought in double limits of bass during the past week. The bass are biting worms and spinner baits, according to Richardson.

A lot of bluegill are being caught on crickets, he pointed out.

At Jolly Roger Marina, Vern Thacker, who just returned from vacation, says fishermen are still catching a lot of bass on worms and spinner baits in the needlegrass. The peppergrass hasn't been too productive for bass, according to Thacker.

The bluegill are biting crickets and there have been some limits caught this week, he said.

"Needlegrass seems to be the place for bass," Thacker said. "Whatever it has in it, the bass are sure hot for it."

Bike-a-thon slated

BELLE GLADE—The Belle Glade Junior Women's Club will be sponsoring the local Cystic Fibrosis Bike-a-thon Saturday, Oct. 16.

Local riders are asked to obtain pledge sheets and obtain as many pledges as possible per mile they will ride. Riders will complete the two-mile course as many times as possible. Two checkpoints will be set up to keep track of miles completed. A refreshment stand will be provided.

The three riders who bring in the most money will be eligible for the state grand prizes which include:

first prize - portable 19-inch color television, second prize - 12-inch Samsung black and

white television, and third prize - AM/FM clock radio. All participants bringing in over \$25 in pledges will receive a Cystic Fibrosis T-shirt.

Pledge sheets may be picked up at local schools or by contacting chairman Sharon Underwood at

996-0484 and evenings at 996-8251. "Your support will greatly help the children afflicted with this awful disease," Mrs. Underwood said.

Leukemia super swim held at Holiday Inn

BELLE GLADE—The Leukemia Super Swim Classic will be held at noon Sunday at the Holiday Inn swimming pool in an effort to raise funds for the Leukemia Society of America, Inc.

Anyone can swim to fight leukemia, according to Rosemary Stevens, a spokeswoman for the Palm Beach County chapter of the society, whether they're in the same league with Mark Spitz or they're beginning dogpaddlers.

"The key to the Super Swim," Ms. Stevens said, "is to get lots of sponsor pledges and raise the most money possible."

She said swimmers, besides raising money to buy research to defeat leukemia, have the chance to win prize ranging from admittance to a victory party to a 12-speed bicycle.

Money is raised, and prizes are won, by getting friends and neighbors to pledge so much per lap swum between noon and the time the swim is over at 5 p.m.

The swimmers can rest in the water, Ms. Stevens said, but they can't get out of the pool and start over late.

Sponsors are given the option of pledging a given amount per lap or pledging a flat amount, no matter how far the swimmer is able to go.

Anyone can win certain prizes so long as they raise money at particular plateaus. Other prizes will be awarded to the highest money-makers in the county but Ms.

Stevens said there'll be students from 45 schools competing for loans.

If a swimmer raises \$25, the prize is admittance to the victory party. At \$55, food coupons are added to the party admittance.

Raising \$50 entitles the swimmer to both the earlier prizes as well as a winner's certificate and admittance to a bonus party, while \$65 gets a T-shirt and \$85 brings admittance to bowling, skating or movies.

Grand prizes, that'll be awarded to the top fundraisers in the county, start with a 12-speed bicycle, a waterbed, a video game, a \$100 bill, two types of \$100 gift certificates.

Special prizes include windsurfing lessons, dinner theatre tickets and a slumber bag.

The sponsors for the local Super Swim are

First American Bank, Dino's Pizzeria and the Wellington Club.

Mrs. Stevens said she had already signed up about 150 swimmers by Friday.

Southern Bell installs new directory system

Directory assistance operations throughout Florida are converting to a new computer system that will provide faster service for customers, according to Southern Bell's Local Manager, Bob White.

Operators who used to use huge phone books to find requested numbers, now have cathode ray tubes (CRTs) and computers.

"The new system is called Directory Assistance System - Computer, better known as DAS/C," White said. "With DAS/C, the computer, instead of the operator, does the directory searches."

White explained that each DAS/C operator has an inquiry terminal keyboard, a video display screen, and a

In addition to the search of listings, DAS/C also improves the handling of other administrative functions, including coin checks and area code directories.

"This new system not only increases operator accuracy, but also saves time so we may serve more customers," White

5-day, special duck hunt to begin Sep. 25

Duck hunters will have an opportunity beginning Sept. 25 to take a crack at a highly migratory teal when a special five-day waterfowl season opens.

The Game and Freshwater Fish Commission and U.S. Fish and Wildlife Service are into the second year of an experimental program to see if mirroirs can take advantage of an anticipated influx of teal, small puddle ducks that migrate South much earlier than other species.

The normal season opens the day before

Thanksgiving but by then, most of the teal are long gone. The Sept. 25-29 special season allows sportsmen to take advantage of the teal flock before they depart for Cuba and South America.

During the hunt, the limit is four birds. Of the four, one may be a species other than teal or wood duck. Wood ducks, resident birds, can be taken instead of teal but in South Florida, there are few wood ducks and this regulation applies mostly to areas further north.

FTP-NEA Wins Big

Boasting an 87.5% win record in Tuesday's statewide primary election, the 35,000 member Florida Teaching Profession National Education Association (FTP-NEA) is organizing for an equally impressive showing in October run-off elections and the November general election, according to FTP-NEA President Clarence (Cy) Wingo.

"We're extremely proud of the fact that our well-paid-off for 10% of the 1983 candidates we endorsed in the primary," Wingo states. United States Sugar's skipper, John B. Boy...

At the helm in the 50th year

He is the mountain boy from Tennessee who loves the ocean. He is the World War Two naval officer and innovative engineer. He is head of one of the best run, and most profitable companies in the state of Florida.

His name is John B. Boy and since July 1, 1970, he has served as president of United States Sugar Corp.

Boy, 64, was born in Johnson City, Tenn., and grew up in Huntington, West Va. His father worked for the railroad.

After graduation from high school in Falmouth, Va., he went on to Georgia Tech, where he earned a bachelor of science degree in mechanical engineering.

He went on to work for Buckeye Cotton Oil Co., a subsidiary of Procter and Gamble, in Memphis, Tenn., before being transferred to the parent company.

He was working on a design for a shell loading device when he was called to active duty in January of 1941.

Boy would serve five years before returning to civilian life. His first assignment was as officer in charge of Subchaser 330 off Norfolk, Va.

In the spring of 1942, he was transferred to Miami to the sub chasing training center's gunnery school.

He was commander of a 173 foot anti-submarine patrol craft in the Caribbean.

In the last year of the war, he was commander of a destroyer escort and served in the Mediterranean and Pacific Theaters.

A lieutenant commander when separated from active duty, he was subsequently promoted to full commander in the Reserves, but was given a medical discharge when he developed back trouble.

He was on board a ship four of his five years and was always captain of the ship. I never held another job after," he recalls.

While assigned to the Miami area, Boy fell in love with South Florida.

Miami lacked industry at that time, but he read where United States Sugar Corp. was completing a starch plant in Clewiston and was looking for an assistant plant superintendent.

He came to Clewiston in 1946 as assistant superintendent of the starch plant. He recalls that the USSC water plant was built to provide water for the starch plant and that, soon after it was built, the City of Clewiston abandoned its antiquated plant and began getting its water from USSC.

Two years later, USSC halted the starch project and Boy worked for a year as a liaison engineer on a project to convert sugar juices directly into white sugar.

In 1949, Boy placed in charge of agricultural equipment development. The assignment proved to be an important one.

He developed high speed cane wagons, for loading hand-cut cane. The design was based on a modified Caterpillar transfer and featured four wheel drive. Nearly 30 years later, Boy's design and wagons are still being used.

Another innovation was the first continuous cane loader. The continuous loader was a major conversion from slow speed crawler equipment.

By this time, Boy was hooked on the Glades and had forgotten about the bright lights of Miami.

"Once I got here and got involved, I liked it. My mother and father both came from farms. I've always had a real feeling for farming and the land," he said.

In the 1950s, Boy was named administrative assistant to Vice President Harry Vaughn, Sr. When Vaughn was promoted to president in 1958, Boy was named administrative assistant to the president.

In March of 1960 he was made vice president and in 1961 he became executive vice president.

In 1966, he was elected to the board of directors of United States Sugar Corp., and in 1970 he assumed the position of president of USSC. Asked about the changes in the 36 years he has been with the company, Boy responds, "Primarily, we have grown."

When Boy joined the company, USSC had one mill and the cane production was a small percentage of what it is now. The only other business USSC was involved in was cattle. Boy recalls that USSC was limited in the amount of cane that it could grow.

"In 1958 or 1959, Congress amended the Sugar Act so that it had a provision that deficits in other sugar producing areas were allocated to those who could use them," he said.

When sugar beet failed to meet their market allotment under the revised act, USSC began planning a second mill.

The revision of the Sugar Act, rather than Castro's take-over in Cuba, opened the door for greater sugar production in Florida, he said.

Coinciding with the communist take-over in Florida, however, was the building of three cooperatives in Florida by local farmers and four by Cuban interests.

During the early 1960s, the sugar industry

labored under severe acreage restrictions until it began receiving extra quotas.

Boy says that the building of the Bryant Mill near Pahokese was USSC's first big expansion, and the second was the acquisition of South Bay Growers.

"We are three or four times now what we were in the 1940s," he said.

The acquisition of South Bay Growers not only put USSC in a third major business, it also made more land available to the company.

Each of the businesses complement each other. During the late 1960s when USSC was having trouble with much fire, the company put its idle land to use as cattle pasture to protect the soil. As the company expanded the mills, idle land was put back into production for growing cane.

"In 1974 when the Sugar Act expired, we were free to increase the capacity of the sugar houses and increased cane acreage. We've had quite a jump in acreage in the past several years," he says.

USSC has become a giant among Florida businesses. In 1961, USSC had net sales and revenue of \$247 million. And according to a recent article in Florida Trend Magazine, USSC is now the 11th most profitable company in the state.

USSC has 2,400 employees year-round and 5,600 during the sugar harvesting season.

USSC, founded in 1931, is owned by the Mott Foundation - 25 percent; the Mott Family - 25 percent; the public - 25 percent; and the Mott Children's Health Center - 25 percent.

C. S. Mott, who reorganized USSC, was an axle manufacturer in New York.

Mott went on to become the largest stockholder in General Motors and bought P.G. Dahlberg's stock in Southern Sugar Corp.

"He took a real liking to this area. That's why he bought out Southern's creditors," Boy says.

Mott set up a management team and a research team and almost instantly USSC became successful.

"Mr. Mott was always one to let the management team run the company," he said.

Charles Wetherald was the first outside operating president. "He made the decision not to throw good money after bad. He decided that the main business was sugar - not starch," Boy says.

Wetherald, who had retired from the Chevrolet Division of General Motors, handpicked Harry Vaughn, Sr., as his successor. Vaughn was the first USSC president to work his way up through the company.

Today, S. S. Harding Mott is Chairman of the Board of Directors. Primary stockholders in the company are the three oldest Mott children.

"We are owned by people who are basically philanthropists. They feel that a company should put money back into the community where it was made," he said.

The long-term future of sugar

Boy believes that for the long term, the future of sugar is good. There will be more good years than bad.

In years when there less sugar is produced worldwide, the U.S. industry will receive more money for its crop.

When the world over-produces, everyone receives less for their crop.

One of the limiting factors locally is that all of the good cane land is already in use. USSC is making some moves toward lands west of Clewiston.

USSC is also looking for other ways to diversify.

Boy noted that USSC was well on its way to a profitable vegetable crop with South Bay Growers until the freeze wiped out the crop this past winter.

"Food crops haven't been very profitable the last few years. We are still looking at other businesses, but are moving cautiously," he said.

"Sugar is still our bread and butter and will be as far down the road as far as I can see," he said.

Employment in

USSC has always practiced a policy of non-interference in local affairs, while assisting the communities in which it does business with money for parks, hospitals, swimming pools, libraries and other facilities.

"We've always adopted a hands-off policy to avoid the stigma of company town. We've always told them (local political leaders) to do what is best for the city... we've never tried to dictate to the city or the county," Boy said.

"We've enjoyed an extremely good relationship," he said.

While the average large corporation may return one percent of its gross income to charitable causes, USSC returns 2 1/2 percent. "Most of that is placed in the community," Boy said.

USSC considers Clewiston, Pahokese, Canal Point, and South Bay home territory, but USSC has also contributed in Moore Haven and LaBelle.

JOHN B. BOY

One of USSC's biggest contributions is for scholarships for children of USSC employees and to the top graduates in each year's class.

The top graduate from Pahokese High School, Clewiston High School, and Glades Central High School each year are eligible for a four-year scholarship valued at \$12,000. Smaller scholarships are awarded to top graduates of LaBelle, Moore Haven, and Glades Day School.

USSC also donates to private colleges.

Close to \$200,000 a year is spent for educating young people in this area by USSC. An outside group of trustees (who don't work for USSC) select children from among the lower paid USSC workers for scholarships on the basis of need.

An average day

John Boy likes to get into work by 8:30 a.m. each day and leave by 5:30 p.m.

Before he arrives at the office, he might have swung by the mill for a look at peppers planted there. During the day, he likes to visit the various USSC shops and sugar houses.

Like any executive, he can get bogged down in paper work, so on weekends, he might come by the agricultural department to see how the cane loading operation is going.

He and his wife Nancy have been married since 1944 and have three children: Betsy Terrill, married to Jim Terrill, a USSC vice president; John B. Boy, Jr., a West Palm Beach certified public accountant; and Howard Lane Boy, a 19th grade at Admiral Farragut Academy in St. Petersburg.

He is now a grandfather four times over, including Jamie, Jennifer, and Stephanie Terrill and Suzanne Boy.

John B. Boy loves the water, whether it be fishing or boating. He has a place at Boca Grande, but he rarely gets to see it.

For the last 19 years he has been too busy piloting USSC. And the natural precision he has brought to the task shows.

Among those who have shown their gratitude are the City of Clewiston, which presented him with its Outstanding Community Service Award, the University of Florida - Distinguished Agricultural Award, and the Council of Independent Colleges and Universities - Champion of Higher Independent Education in Florida Award.

A wish that Glades residents might make for both John B. Boy and USSC is "Fair winds and following seas."

A one-minute sermon...

WHEN ALL ELSE FAILS

SIMPLIFY your life so that God can work in it!

"...put on the new nature, created after the likeness of God in true righteousness

and holiness." Ephesians 4:24.

STRIP your life of its surpluses so God can direct it.

"...let us also lay aside every weight, and sin which clings so closely, and let us

run with perseverance the race that is set before us." Hebrews 12:1

SAVE yourself through Christ!!! "And there is salvation in no one else.

for there is no other name under heaven given among men by which we must be saved." Acts 4:12.

Listen to the SIGNALS given us by God and his people.

Florida Sugar Cane League plans annual safety meeting

The 16th annual Florida Sugar Cane League Safety Conference will be held Thursday, Sept. 23, at the Cultural Arts Center in Belle Glade.

The afternoon conference will begin at 1:30 and will feature Alex Kane, a safety expert with the National Safety Council in Chicago, Illinois.

Kane's two-hour session, "Loss Control Dollars Make Sense," will be directed toward safety in the field and the mill.

A highlight of the meeting will include presentations - of two safety awards, one for the least accidents in cane-cutting and one for the least number of accidents with all

employees. The yearly meeting is jointly sponsored by the Florida Sugar Cane League and the Florida Division of Labor. Members of the League's Safety committee who plan the conference are: Harry T. Vaughn, Jr., U.S. Sugar Corp. Chairman; Chris Davidson

-Osceola Farms Co.; Fernando Izagaa -Gulf Western Food Products Co.; Joaquin Mendibara -Sugar Cane Growers Cooperative of Florida; Ernesto Friede -Atlantic Sugar Assoc.; and Nick Smith -U.S. Sugar Corp.

TV DIALOGUE

SAY UNCLE — A friend of mine wrote me that in the original movie it was "Woodward Lido" starring Jack Warner, that the man who played the part of the uncle (who just all the money) is Gene Lockhardt. I cannot recall the name of the actor, but I know it was not Gene Lockhardt.

Thomas Mitchell played the uncle in Frank Capra's classic comedy "Uncle Sam" (1936).

Cheryl of "Alice" are related. Also, how long has "Alice" been on the air? I have a car riding on this.

The same may be the case, but the family tree are a mess. Ladd's very name is Laddard and Cheryl's name is here through marriage.

Alice Ladd's son, Bob, Alice premiered on August 31, 1976

DAWSON FEUD - Richard Dawson was "Noggin's Hero," but his friends disagree. Please be before going on to establish himing female contacts on "Family Feud." son played Newkirk "Noggin's Hero" from 1971 to 1973.

JAMES STEWART

MURPHY'S OUTLAW — In the TV movie "The Outlaw With Jane Russell," who played the male lead and who was the film made? I say it's a good question and 1961 Am correct.

Sorry wrong on both counts! Jack Palance played the male lead and John Hoggins (among sex-seaters made in 1943) Burtel got near the much publicity in his film. The film was made in a bustline but ended up in a series of G-D warnings.

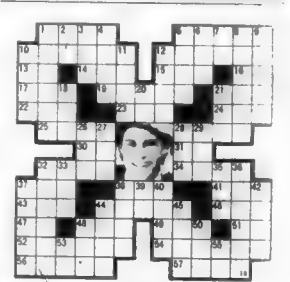

DINNER ON ALICE — Can you tell me where Cheryl Ladd (Hornet) lived in Los Angeles and then Ladd-Lee?

MORE MOORE — Is it another James Bond movie or is it a new one? Moore still lives?

Moore and producer Broccoli reworked out the deal so that Moore he'll return as 007 Octopus now before he returns in England. G-D Moore will be back in Louis Jerald and G-D Adams the first three appear at two Bond films.
